The 'Bear Dog Woods' are a beautiful mixture of towering mature beech, light and airy larch and dense holly thickets. A series of hidden glades are connected by secret paths and 'tunnels', creating a magical feeling of 'rooms', each with a different character. It's a wood which has been specifically managed to create a venue for exciting childhood adventures.

"Thank you! It is a huge honour to be a little part of your grand events and to see the enormous pleasure and experience of so many children"

"I don't know what you did to or with Olivia on Wednesday last week but she had the most amazing time: 'Mummy, please can I do that again? I don't care if none of my friends are there, I just have to go again!'. I very much look forward to hearing from you, if only to make a small girl very, very happy!"
