**Just how crafty are you? How good are you with a crafting table? Go on a mission to slay the Ender Dragon; journey to the Nether; defeat Creepers and Endermen. Suitable for children in Years 1-4,**

**The 'Swampy Woods' are quite simply one of the most fantastic locations going. Seven acres of private woodland: a majestic beech clearing suddenly ends in a steep escarpment down to a swampy 'river'; cross the swamp and one is in acres of ferny thicket with the feel of primary jungle. Awash with hollows and nooks, this location is the stuff of childhood dreams.**

**"Thank you! It is a huge honour to be a little part of your grand events and to see the enormous pleasure and experience of so many children"**

**"A HUGE thank you for making the day so amazing. He had a complete ball and came home beaming from ear to ear. His first question was "when can I go again Mummy?" so please let me know when the next courses are; he'll be there! He loved every moment. What a great concept and brilliantly executed - well done!"**
