

Woodland Survival

Spend a day learning more advanced woodland skills. Hone your knife-skills and use a sheath knife to make useful cooking tools and catapults. Try traditional bush cooking: bake bannock, the wilderness bread; gut, and clean a fish, stuff it with wild herbs and cook it on a fire.

Monday 21st October - 10am to 3pm

£40 per child (lunch included) - 12 children only

Suitable for children in Yr5 and above

The Oratory Preparatory School in Goring Heath has beautiful grounds, including a lovely wood used for its Bear Dog Yr4 camp. It has clearings for camp fires, a central fire-pit and lots of undergrowth for dens and games. It is a splendid venue for bushcraft coaching and one which we are very excited to be using.

"I don't mean to be rude or anything, but this is WAY better than I had expected. It's brilliant! I've done loads of survival courses, but this is by far the best"

"Bear Dog Outdoor are like no-one else; they take outdoor activities to the next level"
