

Forester Day

The Scout forester badge is a difficult one to earn. This is a serious day for serious-minded children. Learn how use a saw and axe safely; how to fell and plant a tree; how to identify trees using a key; how different types of woodland are managed; about the threats to woodland from disease, animals and the elements. Numbers will be limited to 12 only.

24th March 10am to 3pm

£40 per child (lunch included) Suitable for children in Yr6+

The 'Bear Dog Wood' is a beautiful mixture of towering mature beech, light and airy larch and dense holly thickets. A series of hidden glades are connected by secret paths and 'tunnels', creating a magical feeling of 'rooms', each with a different character. Bear Dog Wood is tucked away in the middle of thousands of acres of mature woodland crisscrossed by paths.

"Thank you! It is a huge honour to be a little part of your grand events and to see the enormous pleasure and experience of so many children"

"A HUGE thank you for making the day so amazing. He had a complete ball and came home beaming from ear to ear. His first question was "when can I go again Mummy?" so please let me know when the next courses are; he'll be there! He loved every moment. What a great concept and brilliantly executed - well done!"
