

## Woodland Survival

**Can you use a sheath knife to make a miniature spear and a spear launcher, to take home? Anyone can fry a sausage, but can you cook a biryani, with vegetables and naan bread? Could you manage a perfect golden crumble in a Dutch oven? Very few people can!**

**Thursday 11<sup>th</sup> December - 10am to 3pm**

**£40 per child (lunch included) - 12 children only**

**Suitable for children in Yr5 and above**

**The 'Swampy Woods' are quite simply one of the most fantastic locations going. Seven acres of private woodland: a majestic beech clearing suddenly ends in a steep escarpment down to a swampy 'river'; cross the swamp and one is in acres of ferny thicket with the feel of primary jungle. Awash with hollows and nooks, this location is the stuff of childhood dreams.**

**"I don't mean to be rude or anything, but this is WAY better than I had expected. It's brilliant! I've done loads of survival courses, but this is by far the best"**

**"Bear Dog Outdoor are like no-one else; they take outdoor activities to the next level"**

**01491 681391**
