

Tracking and Wild Food

Evidence of the daily (and nightly) woodland goings on is all around, if you have a little know-how and sharp eyes. Learn to identify tracks; to tell who ate what (and who) and to spot the animal highways. At the same time, forage for wild food and cook yourself a really wild lunch.

16th April (Yrs3-4) & 17th April (Yr5+)

10am to 3pm

£35 per child (lunch included)

Great Chalk Wood is a remarkable venue for a childhood adventure, one which will be remembered for years to come—100 acres of eerie towering spruce deaden both sound and wind; a bright valley of silver birch and beech fires the imagination with thoughts of magic; thickets of hazel support an abundance of wildlife

"Thank you! It is a huge honour to be a little part of your grand events and to see the enormous pleasure and experience of so many children"

"A HUGE thank you for making the day so amazing. He had a complete ball and came home beaming from ear to ear. His first question was "when can I go again Mummy?" so please let me know when the next courses are; he'll be there! He loved every moment. What a great concept and brilliantly executed - well done!"
